# FERNOTHERM 3

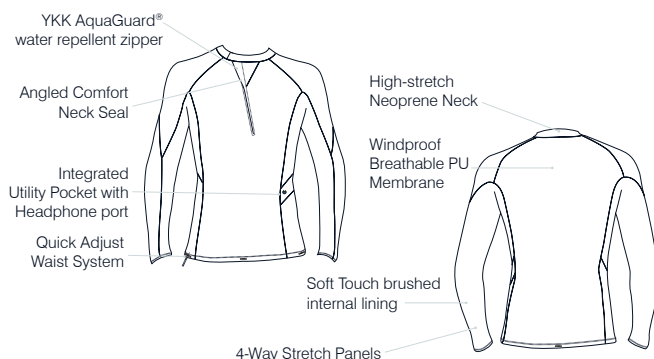

## KEY PERFORMANCE

1. Fast water run-off, quick drying and anti wind-chill.
2. Soft touch fleece for maximum comfort.
3. Thermal heat retention properties keeping you warm.
4. Wicks cool moisture away from the body.
5. UV 50+ sun protection.

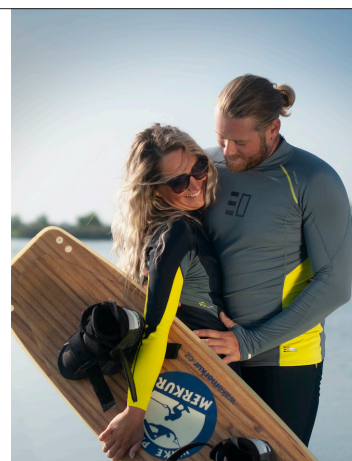

## FIORD LS

The Enth Degrees Fiord Long Sleeve top is a garment designed with the utmost versatility in mind. Through its development, input was gathered from experts from across a range of sports including open ocean paddlers, white water rafters, SUP and surfers. All had input into this suits development and the results are astounding. The Fiord's versatility comes from the precision arrangement of 385gsm Fernotherm3 and 240gsm Activflex material panels. Coupled with neat features like the integrated utility pocket with headphone port, quick-adjust waist system and board short connection loop, the Fiord will take you wherever you want to go, with unrivalled comfort and functionality.

## ASSANA LSS

The Assana with its sleek feminine lines was brought to life by a demand for new innovation in womens SUP clothing and watersports wear. Designed to be used stand alone or coupled with a pant or short, the Assana forms part of Enth Degree's Fernotherm3 Series of women's active wear purpose built for watersports. The anti-wind chill the of 385gsm Fernotherm3, makes it perfect for above watersports such as SUP, surf and kite and the internal membrane traps water against the body when worn below the water in sports such as scuba diving and snorkelling keeping users warmer for longer, similar in its thermal properties to a 2mm neoprene.

## ATOLL HV

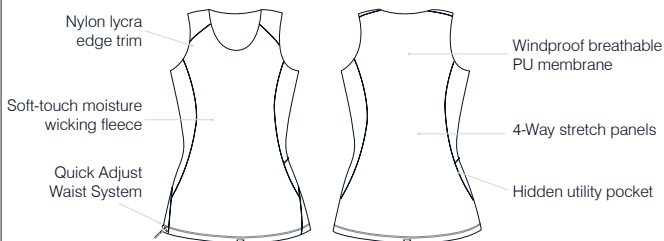

Given that 25% of your bodies heat loss occurs through the head, we developed the Atoll HV as the ultimate hood/vest combination giving maximum warmth, whilst still maintaining comfort and flexibility. Designed to be used as a stand-alone garment in sports such as kayaking or diving, or equally as effective when layered under a wetsuit, the Atoll HV has you covered. Forming part of the Fernotherm3 Series the Atoll HV is perfectly suited to watersports such as scuba diving, and snorkeling where full submersion in water is the order of the day. The integrated Neoprene face seal acts as the ultimate wind and water stopper before, during and after your chosen activity.

## MERIDIAN V

Equally as effective as a layered undergarment, or used stand alone, Enth Degrees Meridian Vest keeps your core warmer for longer. Designed using our 385gsm Fernotherm3 material, the Meridian is designed to offer you thermal protection where it matters most, whilst not affecting freedom of movement in anyway. Neat features like the hidden utility pocket, quick-adjust waist system and board short connection loop provide functionality and flexibility along with thermal performance.

## AVEIRO SHORTS

The Aveiro Shorts bring a new level of comfort to thermal protection of the lower body. The core panels of the garments utilises Enth Degrees 385gsm Fernotherm3 material, offering supreme comfort, flexibility and water resistance, whilst maintaining breathability to avoid overheating. A hidden utility pocket and a non-slip neoprene waistband both add to the uniqueness of this multi-use garment. Equally as at home on or under the water, the Aveiro pant is the ultimate multi-purpose short offering incredible comfort and performance.

## AVEIRO PANTS

So good, our competitors had to copy them. The high-waist Aveiro Pant offers excellent coverage for the kidney and lower back during high-intensity sports. Designed with angled seams for a snug, anatomical fit, these quick-dry and breathable pants ensure comfort in water sports without overheating. Versatile in style, they can be worn as a thermal under layer or on their own in warmer climates. Perfect for active lifestyles, these pants combine functionality with a sleek look.

## Activflex

1. Ultimate four way freedom of movement.  
2. Brushed internal lining and low profile flat-lock stitching for maximum comfort.  
3. High-level breathability avoids overheating.  
4. UV 50+ sun protection.

### BOMBORA LS

Carefully designed with high-intensity watersports in mind the Bombora LS is a long sleeve top that utilises the unique 240gsm Activflex material. The design focus ensures the garment conforms to the body, whilst still maintaining an unrestricted range of movement. The breathable nature of the Activflex avoids overheating, whilst the brushed internal lining provides superior softness and anti-chaffing characteristics against the skin. Low profile flat-lock joining of the ergonomically designed active panels keeps the garment firmly in place through all levels of intense activity.

Double rolled comfort neck  
Integrated Utility Pocket  
Reinforced thumb loops  
Breathable weave  
Soft Touch brushed internal lining  
4-Way stretch panels
